An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Steven Noll on September 4, 2007.

In claim 1, line 2, the phrase "conforming to a constant pressure or pre-set pressure" has been deleted.

In claim 1, line 3, the phrase -- conforming to a constant pressure or pre-set pressure -- has been added between the words pressure and profile.

In claim 6, line 5, the word "component" has been changed to -- constant --.

This change was made to correct a typographical error.

The following is an examiner's statement of reasons for allowance: Claims 1-12 define over the art in that none of the art determines an index from resistance and compliance, as claimed, while the pressure supplied conforms to a constant or pre-set pressure profile.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert L. Nasser whose telephone number is 571 272-4731. The examiner can normally be reached on m-f 9-5.
